The Art of the Pour

At Angelo's Cabarita, we are proud to offer our guests an exceptional wine experience through the use of the innovative Coravin system. This cutting-edge technology allows us to serve wine by the glass without ever removing the cork, ensuring that each pour is as fresh and flavourful as if the bottle had just been opened.

What makes Coravin truly remarkable is its ability to preserve the wine's integrity. A fine, non-coring needle gently pierces the cork, allowing us to pour wine without introducing air into the bottle. This preserves the remaining wine, maintaining its character, complexity, and freshness for future enjoyment.

Our head sommelier, Adam Wilkins, has worked closely with Ross Anderson, director of the Global Fine Wine Challenge, to curate a wine list that brings a distinctive focus to Australian wines and their deep relationship with the traditions of Italian elegance. This thoughtful collaboration adds a unique dimension to our offerings,

Thanks to the Coravin system, we are able to showcase a broader selection of premium and rare wines by the glass—wines that might otherwise only be available by the bottle. Whether you're indulging in a bold Barolo or discovering a refined Australian varietal, you can savour each glass in its optimal state.
